

## International Visitor Arrivals/Departures

### Variables Captured by Class

Below is a table showing the key migration variables currently captured. Not all are included in regular outputs.

'100%' indicates that this variable is captured for every record, while 'sample' indicates that the variable is only captured for sampled records. The variables captured can change over time.

Variable	Arrivals			Departures		
	Short-term overseas visitors	Short-term NZ resident travellers	Permanent & long-term migrants	Short-term overseas visitors	Short-term NZ resident travellers	Permanent & long-term migrants
Passport Number *	100%	100%	100%	100%	100%	100%
Date of Movement *	100%	100%	100%	100%	100%	100%
Direction of Movement *	100%	100%	100%	100%	100%	100%
Travel Mode *	100%	100%	100%	100%	100%	100%
Carrier *	100%	100%	100%	100%	100%	100%
New Zealand Port *	100%	100%	100%	100%	100%	100%
Air Route *	100%	100%	100%	100%	100%	100%
Citizenship *	100%	100%	100%	100%	100%	100%
Date of Birth *	100%	100%	100%	100%	100%	100%
Sex *	100%	100%	100%	100%	100%	100%
